

How Do You Treat Newcomers And Those in Relapse?

Newcomers and those in relapse are particularly vulnerable, and they need us to talk to them with the utmost sensitivity. The following are suggested ways for individuals to support their members.

- Let struggling members know about retreats and workshops in your area.
- Hold a workshop about recovery from relapse (See Appendix B for Recovery from Relapse workshop format in the Twelfth Step Within Handbook)
- Do not be afraid to ask someone how his or her food is.
- Give your telephone number to those who may need it.
